"The name says it all. The Rollei Actioncam enables the sportsman to record his experiences at first hand and in different perspectives. I can not imagine competitions and practices without an actioncam. "

[Klaus Beige, MTB Team Rider]

"Freeriding, going downhill, just having fun on the bike – there can be action on the bike with every weather. Whether there is dust, sun or rain. This cam is made for every situation as special and exciting moments within nature are too good to experience them alone."

[Guido Tschugg, MTB Team Rider]

"Windsurfing is one of the best experiences I have ever made. Along with this a Rollei Actioncam – simply perfect."

[Vincent Langer, Windsurf Team Rider]

"Motocross is simply the best for us that exists in the world. And in addition to that this cam, which is made for every action and working well – absolutely awesome …"
